## **Product Description**

#### Polycrystalline Diamond Stranding, Bunching & Compacting Dies, Wire Drawing Dies

#### 1. Description:

When stranding and compacting conductor wire, we provide the right die materials offering the best combination of economy, wear resistance and wire surface quality to meet your specific needs.

#### 2. Specifications:

Available Sizes: Up to 32.0mm.

#### 3. Advantages:

Yields a good wire surface finish with excellent die life (several orders of magnitude harder than tungsten carbide). Reduces fines and shavings generated during production due to low coefficient of friction and wear resistance. Long die life and minimized wire breakage make for longer, uninterrupted production runs truckload after truckload.
